ABSTRACT

Acquisitions of the Carolina Population Center Library, University of North Carolina, Chapel Hill, North Carolina, are indexed in this bibliographic source covering the period September, 1971 to January, 1972. Topics deal with birth control and contraception, demography, family planning, health population factors, social welfare, and related subjects. Section 1 is a list of books, monographs, general research reports, and conference proceedings arranged by subject. Section 2 is an author listing of articles, papers, and reprints recently added to the Library's reprint files. Section 3 is a catalog of area files, inventorying a variety of materials specific to foreign countries. Section 4 is a "scanning sheet" or monthly index of selected articles appearing in periodicals received by the Library. Subject terms, used in indexing all library acquisitions, are noted for each entry. [Not available in hardcopy due to marginal legibility of original document.] (BL)
